

Dear Hero Soldier,

We at Operation Empowering Hope want you to know that many people are praying for you. You and your sacrifice to our country are very much appreciated. Thank you so much.

You are loved by us, but more importantly by the God who created you in His image. He loves you so much that He not only made you, but He sent his only Son to die a horrible death so that He could be close to you. You see, we all do things that are wrong, and those things separate us from God. No matter how perfect we try to be we all mess up. His son, Jesus/Yeshua lived a perfect life. He never did anything wrong, but he was willing to die so that all of us who choose to trust Him can find forgiveness for our wrongs, salvation and have eternal life. God longs for you to know Him and walk with Him daily. I know the chaplains would love to tell you more. I also want you to know that if you are struggling with anything, the chaplains are safe people to talk with. They are sworn to secrecy & can help you without negative consequences to your army career. The things you have to face daily are tough. We are so proud of you, your strength, determination and grit. There is wisdom to getting help dealing with everything you are facing so that you can be even stronger. I happen to know they have snacks and drinks available and would love for you to stop in and say "Hi."

If this small gift positively affected you, we would love if you left a message on either
the website or Facebook.
